A Special Message from a Mother to her Daughter

My mother has dementia and is in a nursing home in Arizona. When I read this article it made me think of my mother, and touched my heart. I hope you enjoy it.

Theresa

My dear girl, the day you see I'm getting old, I ask you to please be patient, but most of all, try to understand what I'm going through. If when we talk, I repeat the same thing a thousand times, don't interrupt to say: "You said the same thing a minute ago"...Just listen, please. Try to remember the times when you were little and I would read the same story night after night until you would fall asleep.

When I don't want to take a bath, don't be mad and don't embarrass me. Remember when I had to run after you making excuses and trying to get you to take a shower when you were just a girl?

When you see how ignorant I am when it comes to new technology, give me the time to learn and don't look at me that way...remember, honey, I patiently taught you how to do many things like eating appropriately, getting dressed, combing you hair and dealing with life's issues every day... the day you see I'm getting old, I ask you to please be patient, but most of all, try to understand what I'm going through.

If I occasionally lose track of what we're talking about, give me the time to remember, and if I can't, don't be nervous, impatient or arrogant. Just know in your heart that the most important thing for me is to be with you.

And when my old, tired legs don't let me move as quickly as before, give me your hand the same way that I offered mine to you when you first walked. When those days come, don't feel sad...just be with me, and understand me while I get to the end of my life with love. I'll cherish and thank you for the gift of time and joy we shared. With a big smile and the huge love I've always had for you, I just want to say, I love you...my darling daughter.

**Resident of the Month
Beverly Geshwender**

My name is Beverly Geshwender, I like to be called Bev. I was born in Pawnee City, Nebraska on October the 27th, 1933. I graduated high school in Nebraska. I was a waitress for many years, about 20 actually. I have been married 4 times and I have 3 children, Denise, Carmen, and Kevin.

My husband, Mark and I met each other at a dance in Lincoln, Nebraska. There was a dance every Wednesday at the dance hall in Lincoln, and I made it to most of them. That is something Mark and I had in common, we loved to dance! Mark and I both loved the entrepreneur lifestyle. We did different things, we started by selling hats. I was a talented sewer and one day I made 58 hats total! We sold the hats we made in stores in Wyoming, Nebraska, Colorado, and Texas. Both lovers of cats, we also made and sold cat toys and accessories. Mark and I ended our careers by selling pop corn, we were thought of as the "popcorn people". When we weren't working, and sometimes when we were, we loved to ride the Harley!
