CHUG SPRINGS BUTCHERY

While praying for something we could work together as a family, in 2020 a friend who owned a small wild game butcher shop in Cheyenne approached us and asked if we'd be interested in starting a butcher shop here in Chugwater. He wanted to get out of butchering and he offered to help us get a shop started.

We first broke ground in December 2020 and were open in September 2021 for wild game. We got state licensed in December 2021 for domestic. We are currently working to get USDA licensing. We will continue to do wild game and custom processing as well USDA. We opened a little meat counter in January of 2023. We have slowly been adding new meats as we can. Our goal and desire is to keep the cost at an affordable price. Currently we stock many beef cuts including hamburger. We have many pork cuts as well as sausages, brats, bacon, and side pork. We also have a few things like summer sausage and snack sticks. We are always open to suggestions of what kind of meats and types of cuts customers would like to have readily available.

We also buy local beef and pigs that you can buy from us and we will process just like you want.

Our family all works here together and we have a few other awesome employees that help keep things running smoothly.

If you're interested in having a tour, watch how we process and have questions. Stop in! We'd love to visit with you. You can follow us on Facebook or checkout our website at <https://chugspringsbutcheryllc.com>. You can also call Alex (the owner) at 307-365-4338 with any questions.

Our goal is to help our Chugwater community grow and improve. As a family we greatly appreciate the welcoming kindness of the Chugwater community as we have learned to know you.
