COUNTRY GIRLS CRAFTS and CREATIONS

was added to the business in the last couple of years by Noaleen and her daughters LaCynda Fortik and LaDawna Friesen. We do custom quilting, sewing, painting and crafts. We make table runners, hot pads, handmade denim purses, baby blankets, snugglies, as well as a variety of other products. We have made lots of memory items including large quilts from loved one's clothing, jeans, etc. LaDawna is a master quilter and makes beautiful quilts both large as well as baby quilts, blankets, etc. We are always happy for custom orders.

BENEFIT for TIFFANY

It was a great turnout. The food was delicious and plentiful. The music was amazing. Lots of awesome items for the silent auction and live auction. So many people attended. It was nice to see our community come together. Best of all, we are so glad Tiffany is doing so well.

You are LOVED!

TOWN OF CHUGWATER

A Message from your Mayor

Sit back, close your eyes and spend a few minutes in a quiet place and *seriously* consider what the Chugwater Community would look like if you had a magic wand. What size would it be? What services would it offer? How many people would live here? What kinds of people would live here; for example, would it be a place for young families with children or all retirees? What kind of business environment would there be? The list of questions we can ask ourselves is endless.

So now, you have the perfect community in mind. Now what? How does it go from being an image in our minds, to reality? Tough question. Here's another tough question; *who* is going to get it there?

A Sports Coach may know the rules to the game and can anticipate the other team's moves, but where would he be without talented team members to play the game? A Band Director may know the music but can't play all the instruments by himself — A Teacher without Students, A General without an Army. You get the point.

And so it goes in Chugwater. As a small community, *everyone* is vital to the process of maintaining and growing effectively. We can and must control *how* our town grows or we will be controlled by others.

The Girl Scouts have a song called Make New Friends. It goes: "Make new friends but keep the old; one is Silver and the other Gold". So it is with all our Community Members. Those who have been here forever (or a long time) are the "Gold" in our community. The new arrivals are the "Silver". Both are precious to Chugwater. Both have different needs and different viewpoints. We need both to have a sense of reality and balance.

At Town Hall, we are forming small work groups to tackle big jobs. If everyone gives a little, no one has to give until it hurts (burn out!). The old saying, "many hands make light work" still holds true. So as the Town Leadership (Mayor, Council, Clerk-Treasurer & Public Works Director) moves forward with all that it has before it, I'm asking you to consider this: What part will you play in preserving, protecting, and enhancing our Community?

Your Mayor, Carol Ash
